Introduction

Since the New York Turn Verein was founded in 1850 the archival material has been kept in safe custody. Therefore almost all of the old books, documents and photographs are in a good condition and even the minutes of the very first meetings of the Verein are well preserved.

The project to formally organize and catalogue the archival material of the American Turners New York (formerly New York Turn Verein) was initiated by the NYTV 1850 Foundation, Inc. in 2007. Hans Sammer, member of the board, and Ferdinand Beinert, who took the first steps to preserve and translate the material, both were in touch with Dr. Frank Baron, director of the Max-Kade-Center for German-American-Studies in Lawrence, KS, who recommended me for this project. The work at the Turner Club was done during August in 2008 and it included organizing the archival material chronologically, cataloguing it in excel-sheets, preserving it by wrapping the old books in acid free covers and by storing the documents and photographs in transparent sleeves and also to translate a selection of the first minutes that were still written in German 'Kurrent-Schrift'. Furthermore all of the Turner Passes were digitally photographed and organized in a digital data base. This finding aid will give an insight into the archival material of the American Turners New York and it will make it easier to find and access certain historic documents of this institution.

About the New York Turn Verein

When the New York Turn Verein was founded at Stubenbord's Restaurant on 48th Beekman Street on the 6th of June in 1850 it was first named *Socialist Turn Verein New York*.¹ The thirty-six founders were German

immigrants who had previously been members of the *New York Turn Gemeinde* founded in 1848, from which they split off mainly for political reasons.

Like almost all of the founders the first speaker of the Verein, Sigismund Kaufmann, had been active in the German revolution in 1848 and had come to America as a political refugee. German was the official language of the Verein, "no other course was possible for all members were German-born and their residence in New York ranged from a few months to a few years."² Following the ideas of the Turner movement in Germany initiated by 'Turnfather' Friedrich Ludwig Jahn (1778-1852) the Verein's purpose was "to give all the available support to the essence of the Turners with both, word and actions"³ and, as a participant of the *Socialistic Turnerbund*, it aimed "apart from physical gymnastics against the pressure of mind and material goods to strongly encourage true

freedom, prosperity and education for all classes”⁴. The Verein was organized through several committees, usually voted by ballot and decided through the majority of votes. The elected board of the Verein consisted of a speaker, a gymnastics instructor (Turnwart), a secretary, a bookkeeper and their particular deputies. During the Civil War many of the members, especially General Franz Sigel, became strongly involved in the

battles after President Lincoln’s call for volunteers and the strong encouragement by Rudolph Kluckhuhn, the speaker of the N.Y.T.V. at that time: “With great haste, with burning enthusiasm and in unexpected numbers the Turners responded to the call.”⁵ The names of the New York Turners who were killed on the battle field can still be read today on the memorial plate in the entrance of the Verein’s building.

The first permanent home of the club was located on Orchard Street and was dedicated in 1859. The former Quaker church was expanded two years later to house all of the Verein's classes. It was from this location that the 20th Regiment Turner Rifles marched off to war on June 13th, 1861. In 1872 the Verein dedicated a new and larger facility on 4th Street on the East

side of Manhattan, in what was then the north end of the New York German community. In recognition of the further uptown movement of the German population in New York, property was acquired on the corner of Lexington Avenue and 85th Street, in the heart of Yorkville, in 1897. The following year the Turn Hall was dedicated. The four story structure housed a large restaurant on the first floor, bowling alleys on the lower level, meeting rooms, classrooms, dancing, fencing and locker rooms on the second floor, a large ballroom and stage on the third floor and the gymnasium on the fourth floor.

During the following years the efforts of the Verein led to great success in fencing and gymnastics, in 1924 three members of the Verein even made it on the United States Olympic Team. Apart from athletics the Verein developed various cultural sections such as the German School with library and reading room, the monthly magazine *Bahn frei!*, a dramatic and an entertainment committee, a singing section, a chess club and mental gymnastics (Geistiges Turnen). All of the above were “indicative of the society’s devotion to this portion of the motto: «A Sound Mind and a Sound Body.»”⁶

The First World War brought many serious moral and emotional conflicts for the members of the Verein. In addition the membership began to decline, for one thing because many members went to serve in the military, for another because of the missing German immigrants as a consequence of the war. Although the Verein was able to resume to normal activities after the war had ended, the early 1930’s and the Second World War were difficult times in the history of the Verein as well: “Soon for the second time in one

generation our country was at war with Germany. This put the society, as indeed the entire German element, to a test of its spiritual strength such as few organizations or groups in the nation have ever experienced.”⁷ After the end of World War II English became the predominant language of the Verein and more and more ‘American’ members without a German background were admitted. By the 1980ies, the concentrated ethnic population in Yorkville had left for the suburbs and a new structure was constructed on what was the summer home of the Verein members located in the northeast Bronx, New York. In 1983 the *New York Turn Verein* was renamed *American Turners New York* after merging with the *Mount Vernon Turners*. The current structure, located on Eastchester Bay and dedicated in 1986, houses a large gym on the ground floor a restaurant on the second level and an outdoor swimming pool. However, the sportive activities nowadays are mostly volleyball, basketball, racket ball, swimming and the different teams of all ages participate in several local, nationwide and even international competitions. Also the Verein runs gymnastic classes for youngsters and it still retains its German tradition for example through keeping the German names of the different sections (‘Altersriege’, ‘Damenverein’), organizing meetings of German members where they still sing traditional songs like ‘Turner auf zum Streite’ or ‘Brüder, reicht die Hand zum Bunde!’ and traveling to the annual ‘Turnfest’ in Germany.

Translation of selected minutes of the N.Y.T.V.

The selection of minutes was considered very carefully because the work on the archival material had to be finished within one month of time and therefore this selection is based on two practical considerations: The very first minutes of the Verein's meetings were translated to learn more about the constitution and the early history of the N.Y.T.V. For another thing parts of the Civil War related material were translated because the Verein, especially the Turner regiment, played an important role during the Civil War. However, there are still many German minutes left that are of importance for the history of the Verein and should be translated at some point in the future.

The meeting is adjourned.

Meeting on the 22nd June [1850]:

After the speaker has opened the meeting the secretary reads the minute of the last meeting which is approved.

The names of the candidates are read, the candidates John Bruckner, J. C. Kalkbrenner and K. Mejer are present.

W. Melosch, supported by M. Mehl, Kaufmann, Gedeon and Wegner, makes an application to get in touch with the Turnvereine of our old fatherland. Kaufmann draws the attention to the fact that it is very important for our Verein to point out our socialist principals in our writings to the German Turnvereine and that we in principle will have to be very specific about who we are and what we want.

Mehl makes the application that in the first writings it should not be forgotten to give an advice to our German brothers on how they should behave during the time they make the crossing and after their arrival so that they won't be exploited by swindlers or brokers and that we should tell them to make contact with us as soon as possible after they had arrived so we could support them in both word and deed to the best of our ability. appr.

A Committee is set up by vote consisting of the 4 Turners Kaufmann, Metternich, M. Mehl and Gedeon, this committee is supposed to present the draft of the first writing next Wednesday.

The following question was put up for discussion:

What is the real reward [or: value] of work and how can it be demanded by the workers?

M. Mehl thinks that the real value can be determined by the workers themselves through the kind and time of their work.

Metternich is against the consideration of the time of work because that way the skillful and hard working worker would be at a disadvantage with the clumsy and lazy one. Everybody has the right to claim life and life's pleasure and therefore the first question should be: In what way should the government be organized so that the workers can have full rights and appreciation and pleasure?

Therefore: rather work by piece than by time.

Kaufmann thinks that the worker (who is not a <slave>) cannot get the right appreciation of his work unless the Worker becomes Man, and the gainings will not go into the wallet of the capitalist unless he himself sells his work and determines the price. This question and the meeting are adjourned.

Meeting on the 24th of June [1850]

The following men were suggested to become new members:

H. D. Mades by Desor

Heinrich Herrmann and

Wilhelm Duerschmidth by Wilhelm Stadler

Kraus by Kaufmann

Kaufmann reports the <facts> from Williamsburgh and Brooklyn and suggests preparing paragraphs that keep up the order during the Turner trips.

Jung makes an application to elect also some of the <prisoners>[?] in Williamsburgh and Brooklyn so that the newspapers would report from there, approved, and W. Melosch, Jung and Kaufmann are elected.

Jung makes an application to set up the structures, and thereupon a sufficient number of volunteers for it. The meeting is adjourned.

Meeting on the 26th of June [1850].

After the minute of the last meeting was read by the secretary and approved by the Verein the following are suggested to become new members:

accepted:

J. Kehler \

C. Kraus / by A. Desor

H. Auler /

Wilh. Ehrmann\

The report on the hall that will be rented is not yet complete and everything else should be discussed with <Biever/Liever>; concerning the felt hats that are supposed to be purchased Wohlgemuth and Desor are put in charge of getting one of those on approval by next Wednesday.

Kaufmann reads a letter of invitation for the Turnfest of the Turnvereine of New York that will be held next Monday and Metternich makes an application that, because some of them do not appreciate us there as a result of this letter, should not participate in this celebration, approved.

Reifschneider makes an application to form a committee consisting of 3 members that immediately gets in contact with the other clubs, expresses our displeasure at this letter, that states the reasons why we will not follow the invitation and asks the members of the meeting there, if this version of the letter was approved by the Verein or if it was unauthorized drawn up by the secretary, appr.

Metternich, Kaufmann und Fassert are elected and after their return they report that the Verein did not agree with this version and even had decided to invite us 8 days earlier, the secretary therefore has violated his duty.

Didier comes from the other Verein and is immediately accepted as a new member.

Scheibel ,, second speaker

Strauß ,, Turnwart
L. Schneider ,, secretary and
Dr. Schirmer ,, bookkeeper

M. Mehl's application: there should be a committee in our Verein to unite all the like-minded clubs, approved.

Kaufmann modifies the application in that way that first of all there should be a committee that requests the other clubs to appoint committees themselves, approved and M. Mehl, Didier and W. Melosch are elected. Thon gives a book as a present to the Verein that is entitled: "Portfolio des Fortschrittes" ("Anthology of Progress").

The members are requested to give all the addresses of the German clubs they know to the board.

Uhl gives a receipt that he received \$ 10.43 for the German refugees.

Meeting on the 6th of July [1850].

After the minute of the last meeting has been read by the secretary and approved by the Verein, Wolpert, H. D. Mades, Heinrich Herrmann, Wilhelm Duerschmidt, C. Kraus and P. Aulert were accepted as new members and Fried[rich] Kreis and Franz Baumann were suggested by Kaufmann.

Kaufmann reads a letter by Scheibel where he informs us that he will give a speech for Försch on Sunday on the subject "What we want".

Concerning the room/hall that needs to be rent, the members of the 'Lehrbattallion' got the order to take the responsibility in cooperation with the room committee to make sure that the room in the Shakespeare hotel will be free on Sunday morning for Scheibel's speeches.

Kaufmann reads a letter written by the decided Fortschrittsverein [Verein of progress] in which it says that they will consider Metternich's case with Vögele a matter of the party, that they will make the club funds available for him to take legal actions and that they ask us to do the same. Kaufmann makes the application to consider Metternich's case a matter of the Verein and that we assist him as to the best of our ability, approved.

The bookkeeper will make a list for this purpose.

\The speaker gives a report of the time from the constitution of the club until today./

The statutes and the Turner rules are read.

The bookkeeper presents the accounting statement; the result is \$ 15,50 income, 16,87 \$ expenses, remaining 1,37 \$ debt. The members are admonished to pay the remaining dues. After many members have spoken about Kreis' application that all members should come to every departure or celebration of the Turnverein dressed up in their Turner clothing and that he wishes this rule to add to the statutes, the decision is made that it will not be included in the statutes but it will be added to the minutes and that every new member will be informed of it by the speaker.

Metternich makes an application to close the matter of Peter Borns application to found a sickness insurance fund in order to be relieved of the lodges until the uniting of all the like-minded clubs is complete or not, approved.

M. Mehl makes an application to set up another day besides the Turner day when every member can do gymnastics at pleasure; he suggests Monday, approved.

Engelhardt makes an application to give a bugle to the Turnwart, appr. and Metternich will make one of those, that he owns, available to the Turnverein.

Kreis makes an application to acquire a skipping-robe and Reifschneider to buy dumbbells, resolved to acquire these things as soon as the money is available.

Jung makes an application to not accept the \$ 10 given by Stubenbord because we would be bound to some extent, approv.

M. Mehl makes an application to thank Stubenbord for his offer but at the same time to not accept it because we have funds enough, approved.

Wohlgemuth presents a hat as a sample.

On Wednesday the 10th of July Scheibel from <Wallabout> makes an application to strongly support the Turnverein Williamsburgh and that for this purpose there should be 3 Turners from here that will go over there, approv.

M. Mehl makes an application that on each Turner evening the Turnwart should choose 3 Turners who will show their gymnastic skills in Williamsburgh. approv.

Meeting on the 13th of July [1850]

After the minute of the last meeting has been read by the secretary and has been approved by the Verein ~~€-Kraus, P. Aulert~~, Wilhelm Ehrmann and N. Grimm were accepted to the Verein, and Julius <Hürthal> was suggested by W. Koren, Peter Warnkessel by Huhn and Johann Christian Foedt by Engelhardt. Furthermore there was a report that the other clubs have elected committees to unite all the clubs. Because Didier has resigned Eifler has been elected to be a member of the committee.

After a debate on uniting all the clubs the debate on this issue and the meeting is adjourned.

Meeting on the 20th of July [1850]

It was decided that the local newspapers should give notice to the arriving Turners that the socialistic Turnverein will do as much as possible for them, possibly even get them a subsistence/living existence. The present members set up the following draft of statutes of the socialistic Turnerbund:

§ 1.

The association is called Socialistic Turnerbund.

§ 2.

The purpose of the socialistic Turnerbund, apart from physical gymnastics against the pressure of mind and material goods, is to strongly encourage true freedom, prosperity and education for all classes.

§ 3.

The association takes joint actions together with all the Vereine who are like-minded.

§ 4.

It is the duty of every single member of the Turnerbund to make it possible that there are new Vereine founded in the United States.

§ 5.

The Socialistic Turnerbund will get in touch with the democratic Turnerbund in Germany.

Furthermore it is decided that for the time being New York will be the central administration. Metternich makes an application to <...> our Verein in Albany. appr.

Decided that the board of the 3 Vereine should elect a committee to take actions, they vote for Kaufmann, Schneider and Scheibel.

Hientzsch 1787-1856; Die Melodie des freimaurerischen Bundesliedes "Brüder reicht die Hand zum Bunde" (die Melodie wird in Österreich als Bundeshymne verwendet) stammt vermutlich von Johann Baptist Holzer aus Klosterneuburg bei Wien, einem „Bundesbruder“ Mozarts. Waeldin gives the chairmanship to Sterzbach and, because Waeldin has read in the newspaper about the foundation meeting of the German hospital on the 13th of February that Meinhard had acted as a representative of the Verein, Waeldin asks him if that was the case or if he in fact has been at that meeting simply as member of the Verein. The present members supported this question whereupon Meinhard declared that he has not been at the meeting as a representative of the Verein but as a private person and that the newspapers have mistakenly looked at him as a representative, and after all the board at the meeting saw him as a delegate just as every private person there and that he was not able to clarify this because of the noisiness in the hall. There was a long debate over this, many different applications were made and it was obvious that Meinhard had not been there as a representative but that this was a misunderstanding, but it was in fact also the case that Meinhard had made the application at that meeting to let the Sangerbund [=singer club] take control over the use of the balance of the German hospital for next Whitsun and so the following applications made by Metzner and Waeldin were approved:

1. The newspapers should report that there were no representatives of the N.Y. Turnverein on the 13th of February at the meeting concerning the German hospital.
2. Meinhard and <Beppe>, who was present at the meeting too that day, should both write to the board that they have not acted as representatives of the Turnverein.
3. The board should report this to the N. Y. Sangerbund

Was approved.

General meeting on the 19th of April 1862

...

Recently the project came up to give a free home to our Turner brother general Franz Sigel by collecting enough money through a public subscription in order to be able to buy him a farm house, Waeldin makes an urgent application to elect a committee that takes care of the acquisition of the funds for the foundation of a free home for Franz Sigel. The urgency was acknowledged and the debate was opened. After a longer debate and after Waeldin changed his application so that the present members decide to tell the board to appoint a general meeting. Next Friday is intended for this meeting.

The Turnrath [Turner council] in Berlin sent a letter together with a circular letter to all the Vereine of America in which the Turner council expresses their regret at the fact that they will not be able to celebrate the Turnfest together with the Vereine of America for the first time on the 11th of August. Yet the Turner council asks to send 3 delegates so the stars and stripes will be represented at the parade, and also to send some stones from the Hudson, Ohio and Mississippi for the monument in honor to Jahn; the foundation stone of this monument will be laid within the next few days and it will be made out of parts of rocks from all those areas where the Turner ship[/Turner movement] has been spread so far.

Corresponding to this request for one thing Waeldin was appointed to send this appeal to the German newspapers.

[p. 74]

Additional board meeting on the 18th of July 1861

...

Speaker Feuerbach opened the meeting and told the present members that on the 20th of July <Palm> Nagel will travel to Germany together with Steamer from Edinburgh and that way he will arrive in Berlin to the big Turnfest just in time, furthermore that Nagel asked him to write a letter to the Turner Council in Berlin and now the question arises how this letter should be put into words.

The result of the debate was this: Waeldin was appointed to write a letter that says that Nagel had intended to travel to Germany for quite a while and that he will now start his journey sooner than he originally thought because of the Turnfest, that the Verein had received the letter of the Turner Council too late to make certain arrangements and that the letter and the request will be answered in detail together with the letter to Steamer received on the 24th of July in Boston because this matter will not be discussed until the next meeting of the Verein. –

The board decided to give Nagel a sash in red, white and blue to take with him, even though he will not be able to nor does he want to go there as a delegate of the American Turners but he will participate in the parade as a Turner of New York.

Because the sashes of the Verein are all together not in best shape <Hatroich> was appointed to buy one of those for this purpose;

Furthermore to give Nagel 3 new poles of the horizontal bar made out of hickory wood that he should give to the Turner Council in Berlin as a present and also to add a New York Turner badge to each prize given to the best 12 Turners. –

...

This meeting was arranged by Speaker Waeldin as a consequence of the sad news that we received from Fort Monroe that our Turner brother Adolph Heintz is deceased on Sunday the 23rd of November and that he was brought here by his brothers and his relatives, it was also arranged to discuss the next step in order to fulfill this last duty with dignity. Metzendorf therefore started to speak and added to this first sad message a second one, namely that Turner <Krapp/Kropp> also had died. Ehrmann was appointed to write to the family Heintz and to Turner <Sahn/Nahn> who will take care of <Kropp's/Krapp's> body and to ask them to let the funeral be held on Thursday because most of the members are going to be able to come to the funeral on Thursday better than on Wednesday.

This was approved and <von Krüger> makes an application to elect a committee that will buy 100 Indian Rubber blankets tomorrow on Wednesday the 27th of November, the government supplies the Regiment with woolen blankets.

The appointment was approved and a committee consisting of Meinhard, Diehl and <Nahn> was appointed. <Bohs> remarks that a member of the board of Williamsburgh will go with them to purchase the blankets. Krüger presents a letter that was given to him by a lady that was informed through this letter that her husband Fuchs¹¹ has died serving in the Turner regiment. Because he did not get his soldier's pay for two months before he died the lady asks who she needs to address in order to lay claim to his soldier's payment. The corresp[onding] secretary was appointed to write a letter to Lorck and to ask him about this matter.

...

Our loved Turner sisters presented the union flag that was bought by the Verein and gave a flag of black, red and gold as a present to the Verein. ...

¹¹ The first name is probably either George or John – these two men with the last name 'Fuchs' are listed on the Civil War memorial in the Club entrance.

Meeting on the 15th of July 1862

...

A letter from <...> <Kern> was received in which he protests against the renting of the upper hall to the Jewish society. Yet the board decided that this protest is not appropriate under the current circumstances and so the letter was publicly discussed. The contract with the Jewish society was then signed on the same conditions as the year before, see the minute of the 23rd of July [19]61 vol. 79, and the society paid \$ 5 deposit instantly.

Gym teacher Eifler presented some details about the military organization of the gymnastics school and he suggests to raise the money that will be needed to acquire the weapons through stocks, \$ 5 each, that will be covered through raising the subscription fee for the pupils from 25 Cts. up to 30 Cts., and Eifler is convinced that all the stocks will be paid off within an one-year period. This matter was put on the agenda for further discussion.

Concerning the insulting articles of several newspapers about the behavior of the Turner regiment, the corresp[onding] secretary was appointed to write to <Ba...> and to ask him to send a report on the true circumstances of this matter and to maybe have some commissioned officer or Brigadier General etc. sign this report so that the Verein will stand firm and will be able to confront the newspapers.

Metzendorf & Nagel are appointed to personally demand an explanation from major Goebel of the Steuber regiment and to ask him if he has made those statements in the article in the "Demokrat" [newspaper] or if he has not.

<Schark>, speaker & W. Bennecke, secretary of the Turnverein of Williamsburgh appeared and asked the board to join them in refuting the slanderous article in the "Demokrat" about the Turner regiment. It was decided to present this matter on Saturday at the next meeting. Metzendorf reported [...] that Goebel had declared that he did not make those statements in the article of the "Demokrat" and that he on the contrary had praised the regiment and that the regiment is made of good, outstanding material but it criticizes the officers; Goebel offers to give this statement in writing by request or to appear in the hall.

Meeting on the 23rd of September 1862

...

Münch, <...> lieutenant at the Turner regiment, appeared at the meeting and declared that several members had told him that he was expelled from the Verein and so he wants to know about the reasons of this procedure and he also would like to see a transcript of the Verein's decision. The Speaker Staff tells Münch about the reasons of the Verein that is that every officer who left the regiment out of cowardice in times of trouble will be expelled from the Verein whereupon Münch responded that the turner regiment has not been in danger at that time but it had received the order to pitch camp for a longer period of time. Münch's actions are exposed openly, and no one in the regiment knows to say anything dishonorable about him and just before he left the regiment he even was offered a high position there. He declares that he did not care for the foolish talk of some boozers holding their glass, he himself should know best how to behave; he declared that he was respected by everyone and he did not wish to be expelled from the Verein in this way. Staff explained to <...> Münch that the board did not have the right to just re-admit one of those officers to the Verein but that under these circumstances Münch will have to come to the Verein's meeting.

Georg <Aab> reports back from the Turner regiment to rejoin the Verein and he was admitted right away.

[...]

Concerning the regiment-matters the board makes the following suggestion:

- 1) Because the matter took an unexpected turn through the decisions of the Williamsburgh Turnverein it was recommended to the Verein to cover all the costs
- 2) to welcome the regiment at the battery [park?] and to let the speaker address [the regiment with a speech?]; and if the regiment will arrive at <Farey> city through express notice to ask the ferry company to let the boat arrive at the battery [park?]. Diehl and Löwenthal were appointed as a committee to consult the ferry company for that purpose.

- 3) to appoint a committee, consisting of Haehnlein and Heinz together with Heintzes' <H.>, this committee is able to add other members and it will take care of the decoration of the hall
 - 4) to leave the matter of the bar and the dinner to the Wirtschafts-C[ommittee] [=housekeeping committee or management committee]
 - 5) to reserve the upper hall for the regiment, to keep the seats on the gallery in reserve for the music [band] and the Liedertafel [singing club] and to leave the remaining part of the gallery open to the audience.
 - 6) to reserve the upper school room for the luggage.
 - 7) to ask some of the <Brunes> to take care of the luggage and to provide some carts for the beer.
 - 8) concerning the billeting of the soldiers the board was not able to come to an agreement and so it leaves this decision to the Verein.
 - 9) Furthermore it was decided to invite all those Vereine to a meeting on next Wednesday that are willing to participate in the welcome of the regiment.
